Born and raised in Vancouver, DJ KIDD quickly began changing the city's urban music scene in 1999. Practicing the Cali-style of mixing he grew up listening to on mixtapes his family & friends would send him from Los Angeles.

He honed his skills dj'ing everything from house parties, high school dances & weddings, & quickly became one of the top mobile dj's in the city. He was soon introduced to the city's nightclub scene & has been packing the clubs ever since. Now, he's holding residencies at some of Vancouver's biggest & highly acclaimed nightclubs playing in front of thousands of people every week.

His skills have earned him the opportunity to share the stage with the likes of Snoop Dogg, Black Eyed Peas, Ne-yo, Sean Paul, Sean Kingston, Chingy, Ginuwine, just to name a few. KIDD has also rocked parties for the 2007 N.B.A All-Star game, Maxim Magazine, Hot Import Nights & has also been featured on TV shows on MYX CHANNEL US & ASIA & MTV Canada.

With the reputation as one of Canada's top party rockers, KIDD has taken his game global. He can regularly be found rockin' parties in nightlife hotspots like Montreal, Los Angeles & Las Vegas, not to mention touring all across Canada, United States & Asia, where he goes on tour twice a year.

Another thing keeping his name flooding the streets is his stellar mixtape game. 14 mixtapes deep(and counting.) Known for his party rockin selections, innovative blends, & crazy exclusives, DJ KIDD mixtapes are in very high demand. With thousands mixtapes circulating the globe, he has become one of the best in the game, No doubt!

As a DJ of experience coming into his prime, DJ KIDD WILL ROCK ANY PARTY! If there's five people, or 5000 people, & weather its hip hop & r&b in Manila, old skool in Montreal, mashups in Hollywood, or just straight up party jams at home in Vancouver, YOU ARE GUARANTEED TO HAVE A GOOD TIME IF HE'S IN THE MIX.
